A first impression

This exquisite loft is located in a former perfume factory and offers an exceptional living space of approx. 278 m². The property was built in 1985 and was last extensively modernized in 2019, as a result of which it presents itself in a very well-kept condition. The loft has a total of 6 rooms, including 3 spacious bedrooms, which can also be used as an office. Two bathrooms ensure maximum comfort, one of which is en suite and equipped with a free-standing bathtub. The open-plan living area with its impressive ceiling heights of up to 4 meters and electrically controllable skylights creates an airy, light-flooded ambience. High-quality oak parquet and marble floors as well as elegant wooden sash bar windows round off the luxurious appearance. A fitted kitchen that leaves nothing to be desired and Bose loudspeakers throughout the living area complete the exclusive living concept. Certainly the highlights: a green, ingrown sunny balcony and a spacious roof terrace with the option to extend. Both areas are perfect for spending sunny hours outdoors. In terms of technology, this property is equipped with a pre-installation for an alarm system, and modern Bose loudspeakers are also installed. New thermostats ensure efficient control of the indoor climate. For future requirements, there is the option of installing photovoltaic modules on the roof surfaces, which underlines the sustainability of the property. This offer is rounded off by an extensive parking solution: a garage supplemented by an outdoor parking space. There is also a cellar compartment for additional storage space. In summary, this loft offers exclusive living quality with a combination of modern comfort and elegant furnishings. Thanks to the extensive modernization of the building services and roof renovation in 2019 as well as the new gas heating from 2024 and the extensive insulation of the basement area this year, the property presents itself in a high-quality condition and is ideally equipped for the future. All about the location

Düsseldorf Flingern-North Flingern-Nord is one of Düsseldorf's most popular and lively districts. The former working-class and industrial area has been transformed in recent years into a creative, trendy district with a unique charm. Tradition and modernity combine in a special way here - listed old buildings, charming courtyards and stylish loft apartments characterize the cityscape, as do hip cafés, small boutiques, galleries and a diverse gastronomic scene. Flingern-Nord is particularly popular with young professionals, creatives and families due to its urban atmosphere and good infrastructure. The central location provides excellent connections to the city center, the main train station and the Medienhafen - whether by car, bicycle or public transport. Several bus and streetcar lines as well as nearby S-Bahn stations offer ideal mobility throughout the city. Flingern-Nord also leaves nothing to be desired when it comes to local amenities and leisure activities: supermarkets, weekly markets, schools, daycare centers, gyms and doctors are all within walking distance. Green spaces such as the Flinger Broich or the nearby Volksgarten offer recreational opportunities in the middle of the city.
