## A first impression

Amid the Prosecco hills in Asolo, one of Italy's most beautiful villages and winner of the coveted Italian Touring Club award, this prestigious 16th-century mansion is just a short walk from its historic center.

The Trevigiani hills, Monte Grappa and the Rocca d'Asolo make a perfect setting for a property of great charm, which is characterized by the privacy and tranquility of the area in which it is located.

With a secular park of over 10,000 sqm, and a vineyard for the private production of Prosecco of about 2,000 sqm, the villa is in an excellent state of structural preservation: developed on a total of 3 levels and with an area of over 1,000 sqm, it has the typical internal distribution of the ancient Venetian Villas, with a large central hall and four rooms on the sides.

The raised main floor consists of an extraordinarily well-lit entrance hall, with walls adorned with majestic 17th-century paintings depicting mythological scenes. This is followed by the dining room characterized by a stone fireplace decorated with eighteenth-century tiles, and at the back the kitchen area with a typical domestic hearth made of Verona marble and antique terracotta floors. On the left side of the living room are two sitting rooms, a large study, and additional rooms and bathrooms serving the floor, as well as the exit to the large terrace overlooking the garden and from which one can enjoy the striking surrounding panorama.

The sleeping area reached by two different staircases, is located on the second floor and features four bedrooms and additional rooms, as well as five bathrooms.

In the basement there are utility rooms, cellar, storage, pantry, additional rooms, as well as two garages and cozy outdoor porches.

## Details of amenities

The Villa, which is perfectly preserved from a structural point of view, requires some work to update elements such as the exterior window and door frames, the electrical system, and the reinterpretation and rearrangement of some rooms.

Many valuable elements need to be preserved, such as the nineteenth-century parquet floors, the stones and marbles used for the floors, as well as the well-preserved eighteenth-century doors.

Ideal solution for those seeking a villa of value and representation in an exclusive location, or for conversion to tourist accommodation type activities.
